

Single Desk-Mount Monitor Arm - Full Motion - Articulating - Silver

Product ID: ARMPIVOTHD

Free up space while creating a more comfortable and productive work environment. This desk-mount monitor arm makes it easy to mount your VESA mount (75x75, 100x100) display above your desk or table and adjust the height with one touch for ideal viewing. Its sleek silver finish enhances the aesthetics of your workspace.

Mount your Monitor to Save Valuable Space

This heavy-duty aluminum monitor arm helps you save space, by securely mounting a computer monitor from 13" to 34" in size and up to 19.9 lb. (9 kg) in weight. It's ideal for many different office applications, such as healthcare or financial settings, shared workspaces, or when you wish to show your display to clients or colleagues.

Easy One-Touch Height Adjustment

The single monitor arm provides one-touch height adjustment, with a gas-spring cylinder that makes it easy to raise or lower your display. Adjust the tension according to the weight of your monitor, so you can re-position the monitor height effortlessly. The monitor mount provides 13.1" (335 mm) of height adjustment.

Adjust your Monitor Easily

The full-motion articulating arm makes it easy to find the right viewing angle. Swivel your monitor 180 degrees to share your display. The articulating arm also supports 180-degree rotation, for landscape or portrait orientation. For comfortable viewing, tilt your screen +90 to -90 degrees.

Durable Construction and Easy Installation

Made of aluminum, the single monitor mount requires minimal assembly and is easy to install with the desk clamp or grommet mount. A detachable VESA mount panel makes it simple to attach or remove your monitor. Built-in cable management helps keep your cables organized.

The ARMPIVOTHD is backed by a StarTech.com 5-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Ideal in office applications including shared workstations with multiple users
- Rotate your display from landscape to portrait position for web design or coding

Features

- Mount a VESA (75x75, 100x100) compatible display 12" to 34", flat screen, curved or ultrawide, with a max weight of 19.9 lb. (9 kg)
- Landscape-to-portrait display rotation (for use in portrait position, the mount supports ultrawide displays with max width of 35"/88.9 cm)
- Smooth one-touch height adjustment (up to 13.1" / 335 mm), with the gas-spring arm
- Durable heavy-duty aluminum construction with attractive silver finish
- Articulating arm rotates and swivels 180 degrees, and provides +90/-90 degree tilt
