

Elite Screens Sable Frame B2 series is the perfect choice for a stylishly sleek home theater experience. The Sable Frame B2 screens feature Elite's CineWhite, 1.1 gain front projection material in a 16:9 aspect ratio. Enjoy an ultra-flat projection surface accomplished by a spring tensioned system while the plush black velvet finish aluminum frame absorbs projector light overshoot. Sable Frame B2 easily assembles in minutes and is ready for installation using the included sliding wall mounts and installation kit.

Screen Material

- CineWhite® (matte white) 1.1 Gain Front Projection Material with full tension uniformity across entire viewing surface
- Black backing eliminates light penetration for greater picture clarity
- Superior color reproduction while providing excellent black/white dynamic range
- Outstanding picture quality at any viewing angle with no compromise in resolution or brightness
- 4K/8K Ultra HD, HDR and Active 3D Ready
- Compatible with Ultra/Short and Standard throw projectors
- Available in the following range of diagonal sizes in 16:9 aspect ratio: 100", 110", 120", 135" and 150"

Design & Installation

- 2.75" width aluminum black frame is velvet coated
- Elegant velvet covered frame absorbs projector overshoot and increases picture contrast
- Permanently tensioned fixed frame screen provides uniform flatness across entire surface
- Split-frame design facilitates lower shipping costs without sacrificing quality
- Wall brackets allow screen to slide horizontally for a properly centered installation

Quality & Reliability

- 2-Year / 3-Year ENR-G Manufacturer's Warranty by Elite Screens, an ISO9001 manufacturer since 2004
- Lifetime Tech Support by Elite's Professional Service Team through Email, Web Chat or Toll Free Phone Call
