- Easy to move with handle and caster
- Add an extra speaker for stereo sound^{3,4}
- Hear your music exactly as you like it with 7-band equalizer¹
- Bluetooth® Fast Pair and multipoint connection^{3,5}

Features

ULT POWER SOUND

Enhance your low-end frequencies for exceptional bass. Enjoy two different types of bass-emphasized sound; powerful bass to feel the beat and get you dancing, Deep bass boost for low frequency sound that evokes a more relaxed vibe. Feel the thrill of a live concert with powerful sound and 360° Party lighting, right in your space.

Hit the button. Feel the bass

Press the ULT button to enjoy two different sound modes; select ULT1 for deeper, lower frequency bass, ULT2 for powerful, punchy bass.

Powerful sound with X-Balanced Speaker Unit

Our X-Balanced Speaker Unit features an almost rectangular diaphragm for an increased surface area compared to conventional speaker units. The 320 mm x 320 mm large woofer unit delivers clear and deep bass sound.

A richer, clearer, deeper experience

The non-circular diaphragm not only maximizes the area of the speaker, but it also increases sound pressure for deeper and punchier bass, less distortion and greater vocal clarity. All designed to elevate your listening experience.

Powerful sound everywhere

360° party sound carries powerful sound to every corner of the room. Four tweeters deliver clear sound to both the front and rear of the speaker, with two mid-range speakers for vocal clarity. The large X-Balanced Speaker Unit power the bass sound. These features work in tandem to deliver an unmatched audio experience to everyone, wherever they are.

Sound Field Optimization

By detecting local noise in the environment, the speaker adjusts the sound setting in between tracks to deliver clear music even when you are surrounded by other sounds.

360° party light that feel like a music festival

Feel like you're at a music festival with vibrant lights synchronized to the music.

7-band equalizer

Select your favorite sound setting and listen to your music exactly as you like it.⁴

Get your karaoke on

Belt out your favorite songs, thanks to the included wireless mic, and enjoy complete control of your sound, with echo and key controls on the top panel. You can plug in another microphone for a duet or use it as an amp for your guitar.

Wireless microphone

With the included wireless mic, you're ready for karaoke fun right out of the box.

Complete karaoke control

Use the echo and key control functions on the top panel to adjust the sound of your vocals. You'll also find a wired input for a second microphone or guitar to use the ULT TOWER 10 as an amp.

Enjoy karaoke with the Fiestable app^{2,5}

Control the echo, key, and volume functions from Fiestable app.^{2,4} You can even turn on vocal canceling, to give your own voice to your favorite playlists.

Boost up live performance¹

Sony's TV sound booster lets you enjoy enhanced audiovisual sound while watching everything from live performance videos to movies.¹ With deep bass and realistic high-frequency sound spread, you get a true audio-visual experience that draws you right into the action. Ramp up your TV sound with the X-Balanced Speaker Unit, while tweeters on the rear help fill the room with pure sound.

How it works

Upgrade your TV sound with the two rear tweeters, and the X-Balanced Speaker Unit.¹

Big sound on the move

Ramp up your TV sound with the X-Balanced Speaker Unit, while tweeters on the rear help fill the room with pure sound.¹ Grab the handle, tilt the speaker back, and roll it to your desired location with ease. Its sturdy, large wheels ensure smooth transportation straight to the party.

Splash-resistant top panel

Keep the music playing even if accidents happen with the Splash-resistant top panel, ideal for any setting, rain, or shine.

Amplify the music with Party Connect^{2,4}

Connect with up to 100 compatible speakers and sync your music and lights.^{2,4} Great for large, outdoor dance parties.

Add an extra speaker for rich stereo sound with Stereo Pair⁴

Connect two ULT TOWER 10 speakers via Bluetooth[®] to activate stereo sound (left and right), and experience rich, surround sound.^{3,5}

USB Play, and charge devices

Plug in and play music with USB connectivity. Keep the party going while charging your devices using the speaker as a portable battery.

Sony | Music Center⁴

Optimize audio settings, select playlists, and control party connect. Manage devices right from your phone with the Sony | Music Center app.⁴

Fun features with Fiestable app⁵

Use fun features, such as DJ control and the lighting function, from your phone with this handy app.⁴

Bluetooth[®] Fast Pair and Multipoint connection^{3,5,6}

With one tap, enable quick, effortless Bluetooth pairing with your Android devices.^{3,5,6} For total convenience, pair two Bluetooth devices at the same time to switch instantly between different music sources.

Road to Zero

We aim for a zero environmental footprint. Inspired by the beauty of the world, we are doing our part to help preserve the Earth while still offering superior sound quality and listening experience. With a goal of achieving a zero environmental footprint across

the entire Sony Group by the year 2050, we are accelerating numerous environmental initiatives.

Sustainability in mind

Our product is designed not only to pursue sound quality, but also to consider the environment. Recycled plastic is partially used for the body of the ULT TOWER 10.⁷ This reflects how we strive to reduce the environmental impact of our products.

Accessibility

We believe technology should make the world more interactive, more creative, more entertaining, and more inclusive. By incorporating human-centric, inclusive design into our audio products, we deliver our KANDO experience to all our users, regardless of age, ability, or environment.

Specification
