

SPEAKERPOLE

*Manual Adjust Speaker Pole with M20
Threaded Lower End, 38mm Pole & 35mm*

JBLPOLE-MA
works with the following products

PRX400
PRX700
STX800
VRX900

Strong and Easy-to-Use "Z" knob

The JBLPOLE-GA features an amazing height adjustment collar that features an ergonomic "Z" knob that provides comfortable adjustment. The strongest fitting made, the height adjustment collar prevents over-tightening and breakage issues associated with all plastic designs. Plus, the die-cast zinc fitting is 30x stronger than ABS or Nylon plastic used by the competition.

Incredibly Sturdy Pole

JBLPOLE-GA is manufactured out of extruded double-drawn 6000 Series aluminum tubing, which makes them incredibly strong but surprisingly light.

M20 Threaded Pole Mount

JBLPOLE-GA features an M20x2.5mm male threaded end. Threaded sockets found on JBL subwoofers minimizes buzzing and rattling and assures that the pole will be secure and straight. Fits all JBL EON, PRX, STX, and VTX subwoofers.

Lightweight, yet strong, aluminum tubing.

Metal die-cast collars eliminate over-tightening and breakage issues associated with all twist-tighten plastic designs.

M20 threaded socket. Fits all JBL EON, PRX, STX, and VTX subwoofers.
